

# Using the App

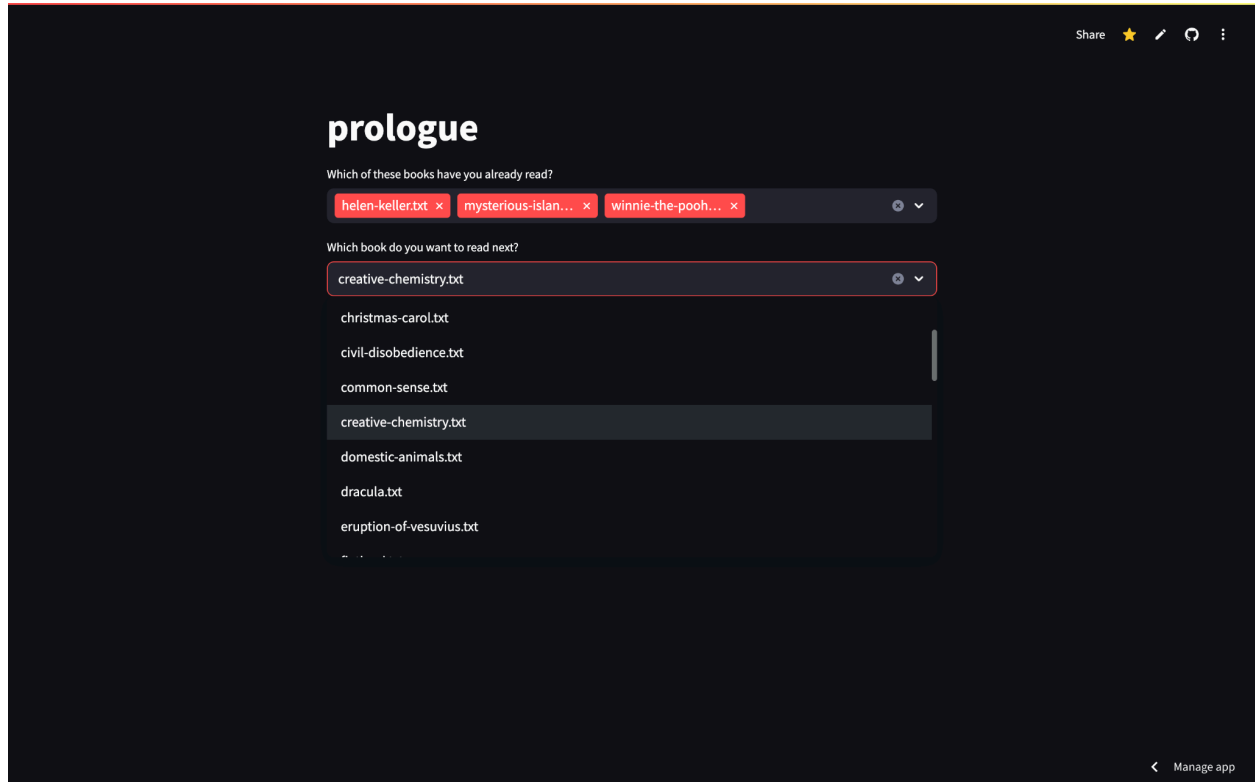

**Step 1:** Go to <https://prologue.streamlit.app>

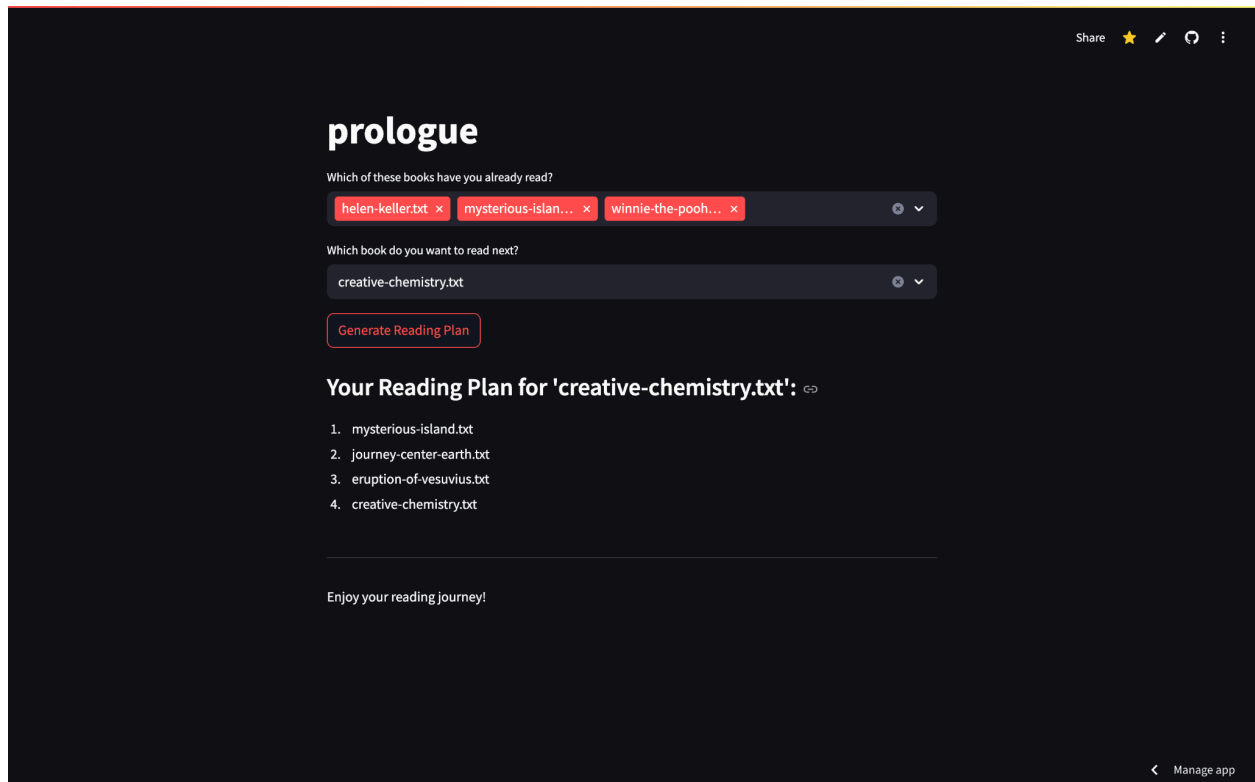

**Step 2:** Select some books you've read from the corpus.

**Step 3:** Select the next book you'd like to read.

**Step 4:** Generate a reading plan!

# Running the App Locally

All instructions for building and running the app locally can be found in the README at <https://github.com/zminsc/prologue>! This README has also been submitted to Gradescope.
